em Editorial Manager®

Automate export of review data to Publons for reviewer recognition:

Step 1

Permission to share with Publons?

Yes
No
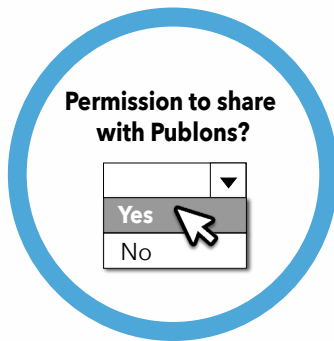

Reviewers perform review, and are asked in Editorial Manager® to authorize the journal to share review data with Publons.

Step 2
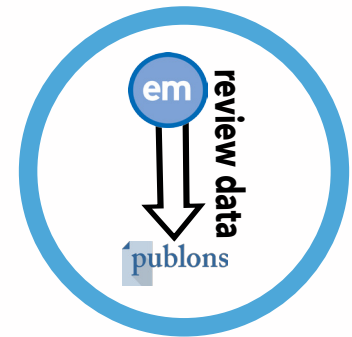

A scheduled, automated report passes authorized review data stored in Editorial Manager® to Publons.

review data
publons

Step 3

review data

P Profile

Publons matches received reviewer data with existing reviewer profiles and updates Publons profiles automatically. Publons invites unrecognized users to create a new account.
