Accessibility Enhancements to Submission Process

User role impact: AUTHOR

To support our goal of making the system accessible for all users, Aries will be introducing a series of changes throughout Editorial Manager and ProduXion Manager. Aries will continue to follow industry best practices such as the Web Content Accessibility Guidelines (WCAG) and work with users to improve the accessibility of Editorial Manager and ProduXion Manager.

These improvements enhance keyboard and screen reader compatibility during Author manuscript submission and do not impact the user interface directly.
